

SETTING UP A MyABF ACCOUNT: [FREE]

Step 1:

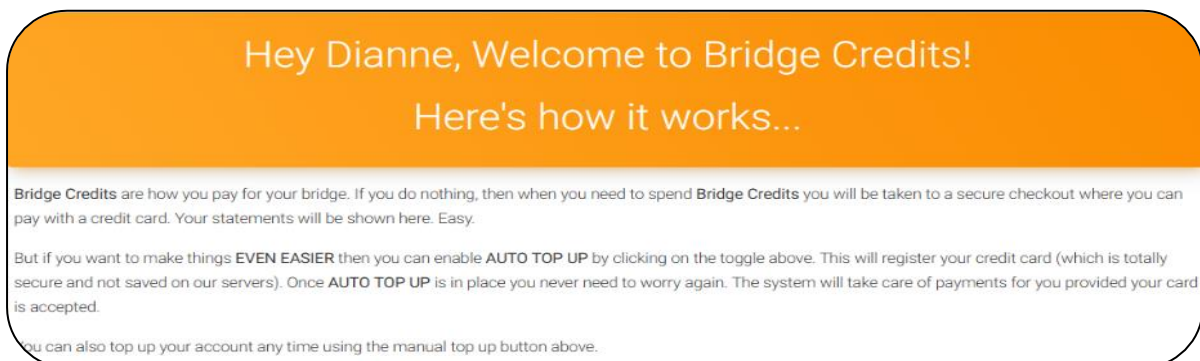

The screenshot shows the MyABF Sign Up page. At the top, it says "My ABF" and "Sign Up. It's free for members!". Below this is a form with fields for "586137", "John", "Dunne", and "John.xxxxx@gmail.com". There are two password fields, each with a "SIGN UP" button. At the bottom, there is a link that says "Already signed up? Log In."

1. Log into MyABF – www.myabf.com.au/view
Or on the **Contact** tab of our website, click the link
2. At the top of the page – click **SIGN UP**
3. Enter your ABF number – press the Enter or Tab key
4. Type your email address
5. Type a password – 8 characters, include Caps & Numbers
6. Click SIGN UP – a new page will show “**Successful**”

Step 2: Check your emails – you should have one from MyABF – click Activate

Step 3: You can now use your account

SETTING UP BRIDGE CREDITS:

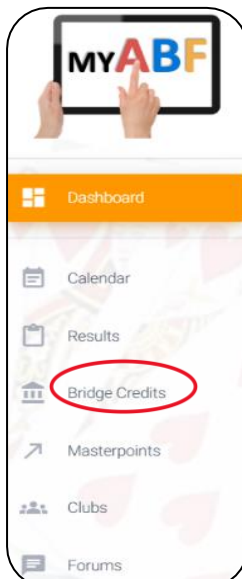

Hey Dianne, Welcome to Bridge Credits!
Here's how it works...

Bridge Credits are how you pay for your bridge. If you do nothing, then when you need to spend Bridge Credits you will be taken to a secure checkout where you can pay with a credit card. Your statements will be shown here. Easy.

But if you want to make things **EVEN EASIER** then you can enable **AUTO TOP UP** by clicking on the toggle above. This will register your credit card (which is totally secure and not saved on our servers). Once **AUTO TOP UP** is in place you never need to worry again. The system will take care of payments for you provided your card is accepted.

You can also top up your account any time using the manual top up button above.

Step: 1

1. Click or tap this symbol on your phone 
2. Alternatively on the dashboard – click “Bridge Credits”
3. On the Ribbon –  OFF
Click the white part to setup Auto top-up
5. Click  for a manual top-up
6. Enter your payment details e.g., bankcard
7. Using auto top-up, your account will be topped up when It reaches less than \$20 or 20 bridge credits

If you should have any problems, see Wayne before or after bridge and I will help you. (you will need access to your email account on your phone, iPad or laptop)
